Re: Application for [Job Title]

Dear Hiring Manager,

I am excited to apply for the [Job Title] position at [Company Name]. I am a Full-Stack Developer with experience building scalable web applications, custom CMS solutions, and Shopify stores for international clients.

My technical skills include React, JavaScript, TypeScript, Next.js, Python, Django, REST APIs, MySQL, MongoDB, HTML5, CSS3, Tailwind CSS, and Git. I build responsive, secure, and high-performance applications with clean, maintainable code.

I specialize in Shopify development, including custom theme development, Shopify Liquid, Online Store 2.0, reusable sections, app integrations, metafields, performance optimization, and pixel-perfect Figma-to-Shopify implementation. I also have experience developing custom CMS-based websites and reusable components.

I enjoy solving technical challenges, optimizing website performance, improving SEO and Core Web Vitals, and collaborating with remote teams using Agile workflows. I am committed to delivering reliable, user-focused solutions that help businesses grow.

I would appreciate the opportunity to discuss how my skills and experience can contribute to your team. Thank you for your time and consideration. I look forward to hearing from you.

Sincerely,

Priyo Ghosh
